### Guidance:

**This is a sample risk assessment and will remain so unless the following criteria are satisfied:**

1. The boxes highlighted in grey above must be completed with the required details.
2. Control measures in the risk assessment section must be either complied with **or** altered to reflect the establishment's control measures.
3. Once criteria 1 - 2 have been satisfied, you should remove 'SAMPLE' from the Title.

**The purpose of this whole assessment is to assist in the management of Covid 19 on schools premises and as such the over-arching hazards being controlled are building safety, reducing the spread and likelihood of contracting Covid 19, cross contamination risks and managing staff and pupil wellbeing. In all cases the persons who could be harmed will be pupils, staff, visitors and parents/ carers. Therefore, the format of the risk assessment has been altered to reflect this and present the control measures that may assist in planning for the safe operation of the school in whichever form that takes.**
